September 17, 2001

01-08

TO: All Architects, Builders, Developers, Engineers, Contractors and Surveyors Practicing
in Fairfax County

SUBJECT: Conservation Awards for 2001

As has been the practice for the past several years, Fairfax County plans to award Certificates and Plaques of Excellence in Erosion and Sediment Control to the developers, designers, site superintendents and contractors whose projects best demonstrate excellence in erosion and sediment control design/implementation. In addition, Tree Preservation and Planting Awards will be awarded to those builders and developers who demonstrated a commitment toward tree preservation and replacement in Fairfax County. Projects nominated for tree awards must be completed and the bond released. Both the Erosion and Sediment Control and Tree Preservation awards will be presented at the annual Conservation Awards Ceremony on **January 11, 2002** (weather permitting), at 10:00 a.m. in Fairfax County Government Center, Rooms 9 and 10, 12000 Government Center Parkway, Fairfax, Virginia.

Nominations for these awards are being solicited from staff of the Construction Management, Environmental and Facilities Inspections and Urban Forestry Divisions of the Department of Public Works and Environmental Services. In addition, any firm or individual desiring to be considered for these awards, or wishing to nominate others is encouraged to request consideration by submitting a letter, and a nomination form to the Director, Office of Site Development Services. Nomination letters should cite points of excellence which form the basis for the request or recommendation. The nomination forms (copies enclosed) appropriate to the award categories are also available for pick up at the Plan and Document Control intake counter, located on the 1st Floor of the Herrity Building, 12055 Government Center Parkway. The completed nomination forms must accompany all letters of recommendation and must be submitted to the Director, Office of Site Development Services by **October 19, 2001**. Further details may be obtained from the Erosion and Sediment Control Coordinator at (703) 324-1950, or the Director, Urban Forestry Division at (703) 324-1770.

We look forward to hearing from you.
